

TASK 3: Match the noun with the adjective

Group no.: **School:**

Participants:

1.

2.

3.

TASK: The relationship between English nouns and adjectives is usually quite obvious, e.g. *sun* and *sunny* or *beauty* and *beautiful*. However, in a number of cases the adjectives have been borrowed from other languages and their relationship to nouns is not that straightforward, e.g. *tooth* and *dental*. Please use your knowledge of other languages than English to match each of the following nouns with an appropriate adjective from the set provided below:

1.	bird	
2.	bishop	
3.	brain	
4.	brother	
5.	ghost	
6.	hand	
7.	ice	
8.	moon	
9.	night	
10.	sailor	
11.	shepherd	
12.	sky	
13.	stomach	
14.	time	
15.	skin
