## LOCATIONS OF EXTREME VALUES OF THE EMPIRICAL PROCESS

**Youssef Randjiou**

*Abstract:* Let  $\alpha_n$  be a uniform empirical process and  $\mu_n$  (respectively,  $\nu_n$ ) the unique location of its maximum (respectively, minimum). We establish a “liminf” iterated logarithm law for  $|\mu_n - \nu_n|$ .

**1991 AMS Mathematics Subject Classification:** 60F15.

**Key words and phrases:** Empirical process, law of the iterated logarithm.
