

E-LEARNING COURSES

- In the winter semester of academic year 2023/24 the following e-learning courses are available for students at University of Wrocław:
 - Computer Intensive Methods** (the easiest e-learning course)
Prerequisites: *Podstawy statystyki praktycznej* or *Statystyka*
 - Bayesian Data Analysis**
Prerequisites: *Introduction to Bayesian Inference* (e-learning course at Hasselt University)
 - Semiparametric Regression**
Prerequisites: *Modele liniowe* + (*Statystyka* or *Wnioskowanie statystyczne*)
Recommended: *Zaawansowane modele liniowe*
- Courses (1a) and (1b) are offered by Hasselt University, course (1c) is offered by University of Wrocław.
- In order to enroll in course (1a) or (1b) students from University of Wrocław need:
 - Preregister, preferably **by September, 25th (Monday)**, but **no later than October 4th (Wednesday)** at www.uhasselt.be/admission (details below). Preregistration is **not binding**, but **required** to follow courses at Hasselt University. Preregistration is already open.
 - Register using **Formularz B3** (Wrocław) **by October 4th (Wednesday)**.
 - Students will be granted access to the courses on the Blackboard system as soon as possible, but not later than **October 6th (Friday)**. Early preregistration will allow early access to the course.
- In order to enroll in course (1c) students from University of Wrocław only need to register using **Formularz B3**.
- Students can drop any e-learning course by **October 26th (Thursday)**. In order to drop the course students of Wrocław need **both**:
 - Deregister at Hasselt University (only when dropping course (1a) or (1b)).
 - Deregister using **Formularz B3** at Wrocław University.
- Every e-learning course has on-line consultation sessions (Question and Answer sessions), see http://www.math.uni.wroc.pl/studia/plany_zajec/planZ.php. Attending the consultation sessions should be treated as **obligatory** for all the students enrolled in the course.

Pre-registration at Hasselt:

Students register for the *master of statistic and data science* at the website:

www.uhasselt.be/admission

Students need to do a minimal pre-registration and need to register for the academic year 2023-24 as an *interuniversity guest* and choose the programme *Interuniversity guest statistics (from abroad)*, fill out identity data (incl. address), secondary education (mark *Other* at *I obtained my secondary/high school diploma* and then fill out the data of the relevant institution) and then higher education (mark *Other* for *Region of education* and then fill out the current/last study); no uploads of documents are required. In case of any problems please contact: leen.jorissen@uhasselt.be

De-registration at Hasselt:

In order to drop the course at Hasselt, students need to deregister for that course. The student selects at the UHasselt homepage *Student*, selects the *My academic file* application, selects in the left menu *My programme* followed by *Unsubscribe study programme or course unit*. Then a personalized pdf will be generated, listing all currently subscribed courses of the student at UHasselt. The student marks the course(s) for which he/she want to unsubscribe, signs the form and sends a scanned version of the form by email to leen.jorissen@uhasselt.be
